

TEBATSO TERRENCE MANAKA

Stand no.171 ,mmotong,makgofe village
0766166822 Tebatsoterrence.manaka@gmail.com

OBJECTIVE

The act of programming itself can be very satisfying and creative. For any particular problem there are lots of different ways you could write a program to solve it. But a good program has certain beauty and elegance about it and an elegant program is easy for other people to understand and it's also easy for you to extend and adapt later as requirements change. My goal is to be an elegant programmer, solve problems and bring solutions to my community using technology.

EXPERIENCE

Mlab

7 June 2021 - 7 October 2021

Trainee

EDUCATION

University of Limpopo

2020

BSc Mathematical and computer science
Degree

PROJECTS
